Classroom News

Let's Play Kahoot!

Kahoot! is a game-based learning and trivia platform that is a fun and effective way to utilize class concepts and measure which ideas students understand fully, and which might need reinforcement. With a focus on improving learning outcomes, it boosts engagement, participation, and motivation through competitive, game-based learning experiences.

Kahoot! offers many benefits in the classroom because of its flexibility to be used in various subjects — even physical education. The platform is a great way to foster student progress because it focuses on social learning and makes it fun.

BORO students always enjoy Kahoot! time!

BE SWEET • GIVE SWEETS

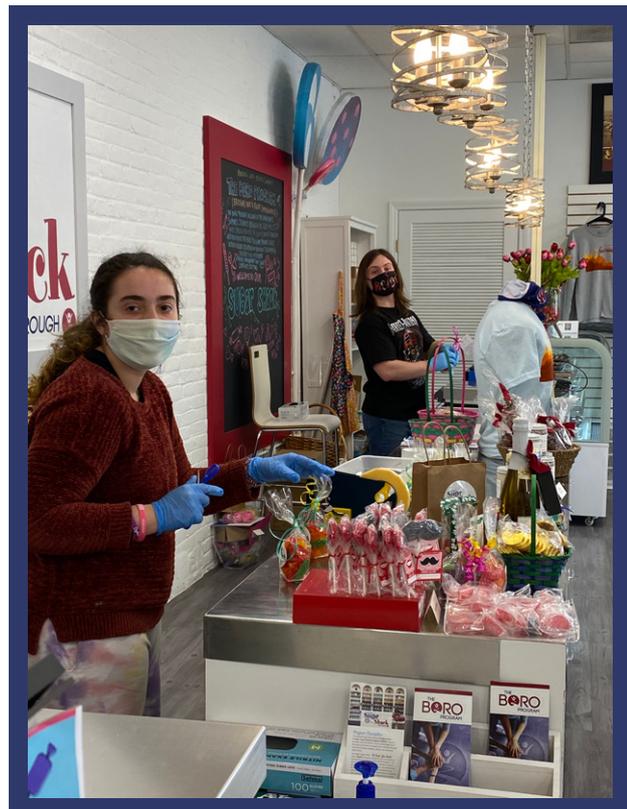

BORO Sugar Shack In the News!

Worcester's Spectrum News interviewed BORO student Christopher LaPlante about working at the Sugar Shack.
